LOCATION

The estate is located walking distance from the charming town of Impruneta, just a hop from downtown Florence. It offers a calm contrast to its intense neighboring city but it is also packed with Etruscan and Roman history, local festivals and a longstanding craft tradition. Impruneta has the spirit of the much-deeper Tuscan countryside but with enough attractions and local life to keep you busy and ignite your curiosity.

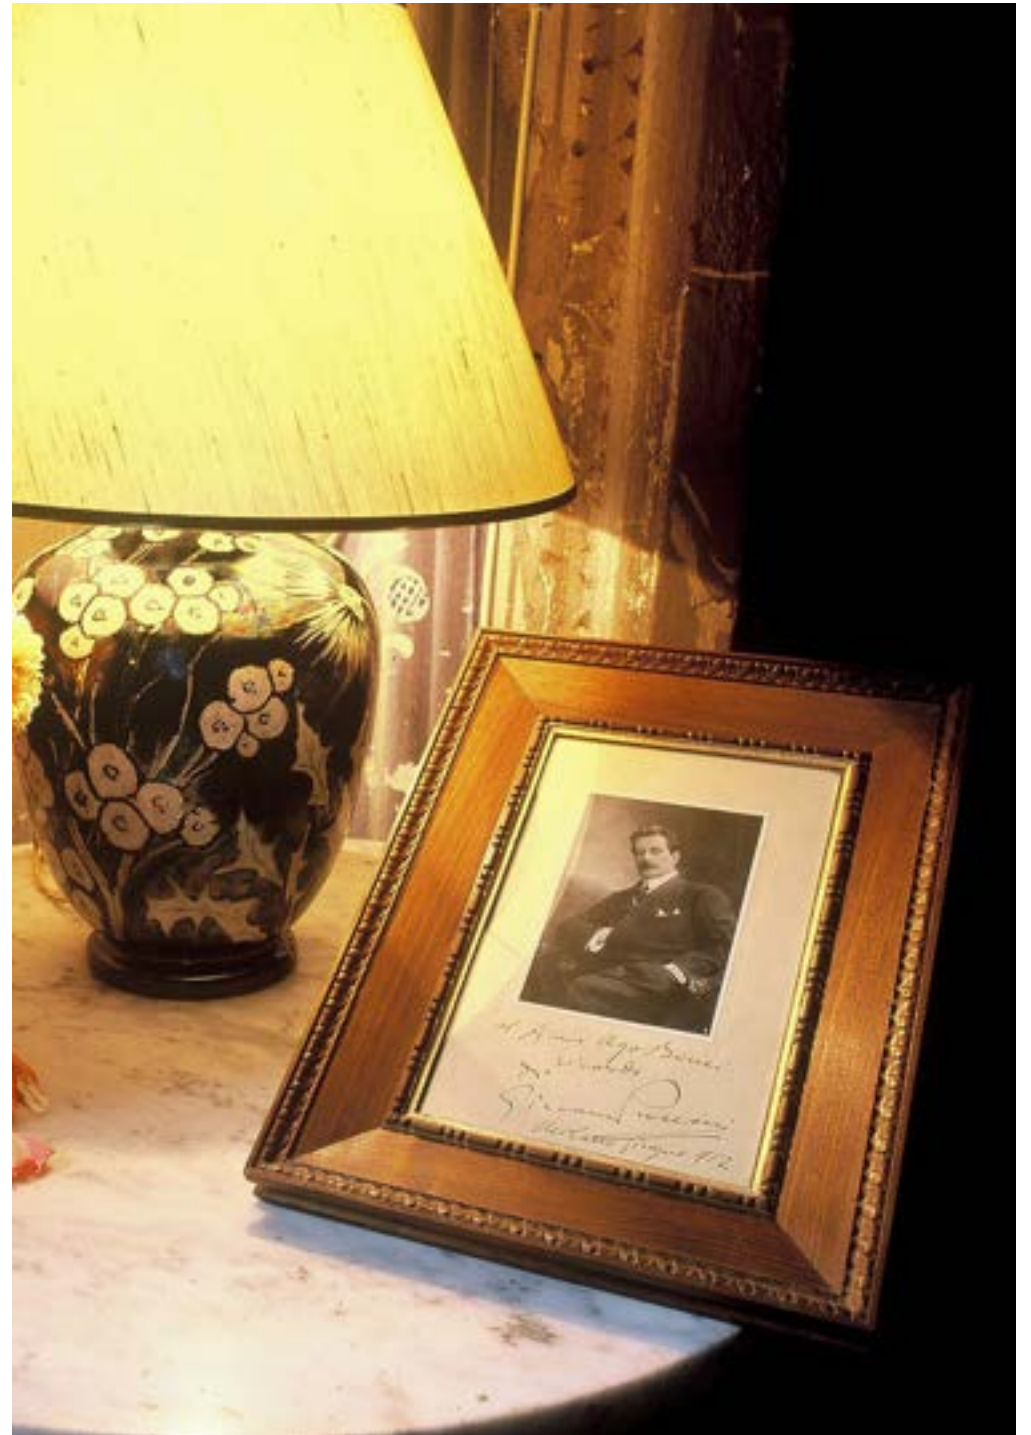

One of the great assets of the castle's location is its ability to get into the city of Florence in less than 20 minutes, the airport of Florence in 40 minutes whilst also having a chance to experience Tuscan countryside and being conveniently located at the gate of Chianti region and its renowned vineyards.

A TIMELESS TUSCAN FAIRYTALE

BEDROOMS

Our 9 bedrooms are all designed with the same attention to detail. Each room has its own name and its own theme; all are very comfortable and cozy. In the castle we have three bedrooms of which Puccini is the bridal suite. In the neighboring building – part of the ancient borgo – the other 6 bedrooms all facing our beautiful terrace.

All bathrooms have a fresh contemporary design with showers.

DINING ROOM

Our dining room is one of the very rare examples of Art-Deco style. It has been described in one of the most important Italian art history volume such as the “Manuale di Storia dell’Arte “l’Arte Italiana” written by Piero Adorno.

The ceiling is richly decorated and all decorations of the table, chairs, cabinets, boiserie and leather are inspired by the caper flower. The majolica are part of the school of Galileo Chini.

Since this is a very precious and delicate room we require that our staff only manages its belongings. We will be happy to coordinate this with you to ensure you have an amazing experience.

WEDDINGS & SPECIAL EVENTS

Castello di Cafaggio exclusive use is perfect to host your wedding or special event in all seasons. This solid castle and its stone hamlet stand in a private olive oil and wine making estate of rolling hills, offering a bucolic, rustic experience. The wedding service here is a slick affair with an event hall capable of hosting up to 130 seated guests banquet style and there is no shortage of space for blessings and receptions; a private chapel, the main courtyard, the lovely limonaia, plus extensive terraces and gardens. There is even a wine cellar that can be used. All 9

bedrooms are worthy of a bride, but Puccini Suite in the Castle main building offers more privacy.

Furthermore we are one of the few special licensed venues approved by the Tuscan authorities to be able to celebrate civil weddings with legal value in our property. We are able to assist and coordinate the entire process with local authorities to allow you to celebrate your dream Tuscan wedding at Castello di Cafaggio without other bureaucratic requirements.

PRIVATE CHAPEL

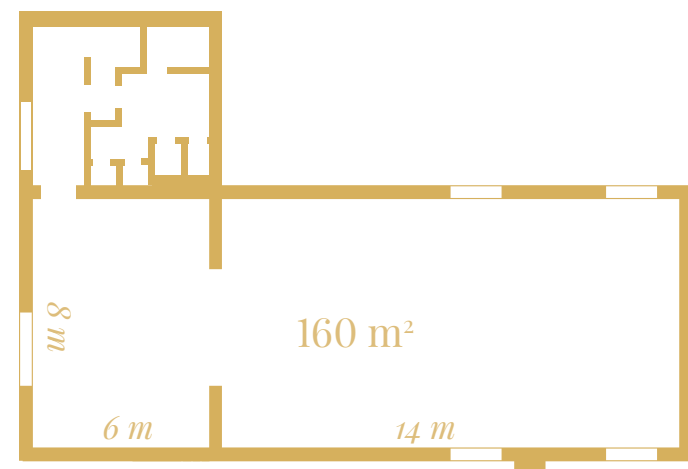

The estate's private chapel, beatifully decorated, can be exceptionally open to celebrate intimate weddings. It is still today the place where the local farming community reunites to celebrate baptisms, weddings and farming rituals like on the day of San Luca, patron Saint of Impruneta, to thank for the good harvest.
